IRRIGATION PUMP/BUDGET MEETING**

Dear San Simeon homeowners,

We are pleased to inform you that the HOA Board has approved the replacement of our irrigation pump with a 15HP submersible pump from Naples Electric. This upgrade will improve the efficiency and reliability of our irrigation system, ensuring that our landscaping remains well-maintained. They should be on site Tuesday, December 17th to start installation of a temporary pump system to get irrigation running until the new system can be installed.

We would like to thank everyone who voted to establish a reserve fund for our irrigation system. Your support has made it possible to fund this important project without delay.

On Monday, December 23 at 6 PM there will be a Board Meeting at the Club House and on Zoom to share the 2025 Budget.
