Clean Up and Thank You

Dear Residents of San Simeon,

We are thrilled to announce that the debris cleanup across the community has been completed! A huge thank you to all the incredible volunteers who joined us over the past two days to help gather and remove palm fronds and other horticultural debris. Your participation truly made a difference!

Wednesday evening we had an even greater turnout with many more volunteers and three trucks which helped us finish clearing all remaining debris efficiently. While we've made great progress, there are still a few scattered twigs and leaves that TruScapes will handle as part of their usual landscape maintenance.

We also want to extend a special thanks to those who may not have been able to attend but took the initiative to neatly pile debris at the street in their area. Your efforts were a big help in making the cleanup smoother and faster. Please continue to bring any debris from your backyard and side yard to the front street.

This entire cleanup effort has been a reminder of the strength and resilience that comes from neighbors working together. When we come together as a community, there's no challenge too great. San Simeon is not just a place to live; it's a family of neighbors looking out for one another, united by our shared goal to make this a better, safer place for all of us.

Thank you again for your hard work and dedication. Let's continue to support and uplift each other!
